TWO RESIDENCES BURN FRIDAY MORNING.

Fire broke out about one o'clock Friday morning, presumably from a defective flue, in the residence of John Jackson, in West Hickman, and the family were barely able to save themselves and one small trunk. Mr. Jackson, who has been ill for some time, had to be carried from the burning building. The fire started in the kitchen and when discovered was under terrific headway, and the flames quickly spread to the residence of W. M. Cason, thence to a small office, owned by Mr. Cason. All three buildings were destroyed, but Mr. Cason succeeded in saving his household goods.

As soon as the alarm was turned in the fire department responded, but the nearest fire hydrant was so far from the burning houses that the hose would not reach it. This very trouble was anticipated by the council and an order placed some time ago for hose, which has not yet been received.

Mr. Jackson's residence contained four rooms and he carried \$600 insurance. Mr. Cason's house was the same size; and was insured for \$500.

If you do not know how to properly prune your vines or trees, the agent will come out and prune a few for you as an example so that you may go ahead with the work, etc. In short, it is not his duty to do the work, but to teach you with a practical demonstration. He will have your soil analyzed, instruct you in the better plans of farm architecture, seed varieties, etc.

The Court was convinced, after a thorough investigation, coupled with the enthusiasm manifested by those in attendance, that this county should have a farm agent and made an appropriation of \$600 towards his salary, this to be supplemented by a donation of \$100 from Fulton business men and \$100 from Hickman's business men, while the State and federal government will contribute \$800 jointly, giving us a total of \$1600, which is sufficient to procure the services of a first class man. Just when we may expect him, the State men could not say, as they are having difficulty in filling these places on

SIX HICKMANITES INJURED IN AUTO WRECK AT CAYCE.

IN MEMORY OF MRS. SUE MADDOX.

Mrs. Susan A. Duffy, was born March 23, 1845, and died Feb. 7, 1917, age 72 years. She was married to Marcus Bradley Nov. 14, 1861. He only lived 11 years after their marriage. To this union one child was born, R. L. Bradley, of Hickman, Ky. She was married to Hardin Maddox, Nov. 14, 1868. To this union six children were born, two of which preceded her to the grave.

It is a sad task and with a heart full of sorrow we try to pen these words of love for this good woman. She united with the Christian church in early womanhood and lived a consistent true Christian life until the end. She was a charter member of Mt. Hermon church. The writer considers that he has lost a very dear friend, having lived in her home for six years. She always had a smile and kind word for everyone. Her every move seemed to portray a desire to honor her Saviour and to bless and make happy the lives of others. To sit by the fireside and listen to her talk was one of the greatest treats. Well do I remember when but a mere boy her lovely disposition, a kind word for everybody. As I have grown older I have never forgotten her many kind words of advice and her influence still lingers with me. The sudden removal of such a life from among us leaves a vacancy and a shadow that will be deeply realized by the congregation to which she belonged and her many friends throughout this neighborhood. We are at a loss to find words and phrases which can adequately express to the family of our friend the deep and sincere sympathy which we feel for them in their sad hour, for we too have tasted of the bitter cup. The church has lost a worthy and honorable member, the community an upright and useful woman, the family a loving, tender and affectionate mother.

So in this hour of your deepest sorrow we extend to the bereaved children our sincere sympathy to comfort them in their profound sorrow. We commend them to the one who doeth all things well.

After the beautiful funeral ceremony, being conducted by Rev. Farris, of the First Christian church at Union City, the body was conveyed to Poplar Grove cemetery and laid to rest beneath a beautiful bed of lovely flowers to await the resurrection morn.

Coincident with the anniversary it was announced that his brother, Henry Bedford, of Union City, has secured information which will lead to the arrest of men suspected, at High Bridge, of his murder. It is believed he was murdered for money. A masonic watch charm which he wore when last seen was found near some caves six months later. Searching parties were fired on. QUESTION OF LOCATION.

"There's one thing that's certain,"

Says old Mr. Peek;
"A boil on the stove is
Worth two on the neck."

Said young Mr. Duffer,
A guy dog is he;
"A 'peach' in the lap
Is worth two on the tree."

And old Uncle Bing
I distinctly heard mutter,
"A hair on the head
Is worth two in the butter."

I said to the waiter,
That slow, awkward goop,
"A thumb on your hand,
Is worth two in the soup."

Another thing certain—
You'll swear it is so;
One corn in the corn field's
Worth two on the toe.

BOB ALLEN DEAD.

On Thursday evening, Feb. 8. Bob was taken with a chill and Friday morning he became unconscious and speechless and was that way until four o'clock when the death angel called at the door and called for their own. He was born and grew to manhood near Jackson, Tenn., and came to

Fulton county and made his home in the Sassafras Ridge vicinity, where he made many friends. Bob was nearly 34 years of age and was a good, honest, upright man and a friend to everybody. Oh, 'tis so sad to have to give up our good friend, but he has answered the call we all have yet to answer and the thing to do is to be prepared for any time. Look how quick our friend was taken. Only a few hours suffering and he could not speak one word. Pneumonia being the cause. He leaves a father, three sisters and two brothers, besides a host of friends who will be sad and sorry to hear of his death. Bob was a friend of mine and had a kind word for everybody.—A Friend.

Facts About Germs.

Experiments show that germs will actually live longer on stone and marble floors than they will on linoleum, except at low temperatures, when the greater cold of the stone floors kills certain microbes which cannot exist in warm temperatures. Moreover, linoleum, though not as cold as stone, is colder than most other floor coverings, and thus has a double effect upon the germs.

EDITORIAL COMMENT

Banks and postoffice are closed today.

Two fires this week; we're due another this month, according to the old adage.

With the approaching city election comes talk of A. O. Caruthers and Frank Von Borries as splendid mayoralty timber.

New locks on the county court house doors. Wonder if the "barn was locked after horse was gone," or merely a case of keeping prowlers out of the sacred precincts of justice? Its a safe bet there's a reason.

The local levee committee is still short several hundred dollars. There are several directly benefitted property owners and business men who ought to donate to this fund. Will you be a man or a mouse? long or short?

Kingsport, Tenn., is making a desperate effort to secure the armor plate works. Her citizens offer a free site, cement for buildings, free brick and free coal for five years. If that kind of business keeps up, the fight will narrow down to Hickman and Kingsport.

The legislature, in special session, is whittling away on the special tax measures, in the hope of passing some needed legislation in that line. Nothing tangible has yet been accomplished, although various and sundry measures have been tendered the lawmakers.

Maj. McDonough and Asst. Engineer Kerr, of Memphis, were here yesterday to inspect the levee work on the new loop 4 miles below Hickman. They seemed to be highly pleased with what has been done and the manner in which the work is going forward. With good weather, this job will probably be finished by June 1st.

Chief Posey can make very little speed over the West Hickman levee road with his fire engine on account of holes. If the engine is delayed on this account in reaching the burning property of some fellow who helped voted down the street improvement bond issue—he should not set up a howl about poor service. The same applies to East Hickman, as that section has impassable roads.

JAIL DELIVERY AT UNION CITY TUESDAY.

Jailer Stovall of Union City was knocked in the head Tuesday night about 9 o'clock by a prisoner and four negroes made their escape from the Union City jail. Two of them were held for murder and two for bootlegging. One of them was a Hickman negro—Luther Hilliard, and was being held on murder charge. The other negro, wanted for murder, was Dave Freeman. None of them have been caught.

Roads are fine.

News Snapshots Of the Week

Our affair with Germany continued in a most critical state. After Dr. Paul Ritter, Swiss minister, conveyed Germany's informal advances to our government and Secretary Lansing curtly refused to consider any more that didn't include the abandonment of the new submarine policy, Germany announced she hadn't made proposals. Carefully and with the fullest courtesy ex-Ambassador Von Bernstorff, and his staff left for home. Activity in all branches of the army and navy marked the week. Admiral leave for the submarine zone was the Orleans. The Woman's League For Self Defense offered to assist in war. The naval militia continued in New York while enlistments continued.

Miss Mary Shaw delightfully entertained a number of her friends on Wednesday evening at the home of Mrs. Russell Johnson. Candles, ferns and hearts were used to decorate the rooms open to the thirty-two guests and from the ceiling and chandeliers hung streamers of paper hearts suspended from red satin ribbon. Upon entering each guest registered on a high red heart tied with cupid's bow of red maline. Five hundred was played and at its conclusion a dainty salad course was served. Out of town guests were: Miss Laverne Diggs, of Paris, Tenn., and George Edward Townsend, of Baltzer, Miss.

IN MEMORY OF MR. AND MRS. JOHNSON.

Henry Lawrence Johnson, son of William Watson and Emily Rebecca Johnson, was born Nov. 22, 1845, in Hickman county (now Fulton county).

Mary Francis Johnson (nee Russell) daughter of Bins and Elizabeth Russell, was born in Smith county, Tenn., April 27, 1842, and moved with her parents to Fulton county, Ky., in 1854.

Mr. and Mrs. Johnson were married Jan. 2, 1867, and settled near Cayce where they lived quiet peaceable lives and had a host of friends. They celebrated their golden wedding Jan. 2, 1917. Mrs. Johnson professed religion and joined the Cayce Methodist church South in 1893. Bro. Johnson was converted during the Cayce Methodist meeting last September and meant to join the church along with his wife. After a few days of lagrippe and pneumonia Bro. Johnson departed this life Feb. 8, 1917, age 71 years, 2 months, 17 days. Funeral services were conducted at the home on account of the sickness of his wife and daughter, and interment in Cayce cemetery, services being conducted by Rev. Will T. Halley, of the Methodist.

Sister Johnson took sick about the same time as her husband and lingered till Feb. 17, when she departed this life to join those gone before, age 74 years, 9 months and 20 days. Funeral services were conducted by her pastor, attended by a large congregation of sorrowing friends at the Methodist church, after which we laid her body besides that of her faithful husband, to await the resurrection morn. They were survived by five children, Arthur R., Bertha Z., William T., Minnie F. and Blanch C.

Thus passes one of the old fashioned homes of honor, faithfulness and loyalty.

Long may their memory live and their good deeds be cherished and emulated in the lives of their children.—Contributed.

DRASTIC PROHIBITION AMENDMENT PASSED.

Legislation which would have the effect of making twenty-five States "bone dry" was approved by the Senate Wednesday in the form of an amendment to the Postoffice Appropriation Bill.

Briefly, the amendment provides that intoxicating liquors, intended for beverage purposes, cannot be transported into any State where the manufacture and sale of such liquors is prohibited. This would have the effect of entirely nullifying the "personal use" clause of a majority of the so-called "dry" States, where only the manufacture and sale is prohibited.

MRS. J. A. NORMENT GETS GOSSARD DIPLOMA.

Mrs. J. A. Norment has just returned from an all week session at the Gossard Post Graduate Training School in Chicago, with her Gossard diploma.

The diploma is awarded sales women who attend this school and who successfully pass a very rigid examination in fittings, advertising, turnovers, merchandising, salesmanship and other important subjects pertaining to a modern corset department.

It is very interesting to hear Mrs. Norment tell about the progress made in Gossard front lacing corsets, and especially the great interest now shown in this corset by physicians and trained nurses. The time was when doctors had nothing but censure and condemnation for corsets of any kind. Since the advent of the Gossard some 15 years ago their view point has been materially changed.

Mrs. Norment has also rendered splendid service in Hickman and we predict much renewed interest by her customers now that she has "won her spurs" and brought back her Gossard diploma.

SPECIAL SESSION

To Revise Tax Laws.

It may not be generally known, but it is a fact that only forty out of the one hundred and twenty counties in Kentucky contribute anything toward the general expenses of the State government, but when it comes to criticizing the management of the State's finances and denouncing the extravagance of the Legislature in making appropriations, the greatest complaints seem to be made by the eighty counties which do not pay a dollar of the expense.

It is refreshing to read in an editorial in the Livingston Enterprise the frank admission that

"It takes all the money Livingston County pays into the State treasury to pay the school teachers of this county. The State taxes being \$16,867 and teachers' salaries \$16,995, and there are many other expenses of county officials, witness and jury fees, etc., amounting to about \$4,500, paid out of the State treasury. . . . Livingston County contributes nothing to the running expenses of the State, yet we have a voice in the State's affairs and often criticize the administration on its extravagance, when the whole expense is borne by other counties. . . . Until we reach the point of paying our own expenses we cannot charge unfairness in any tax laws."

There are seventy-nine other counties in the same situation as Livingston, but few of them seem willing so freely to confess their shortcomings, nor will they hasten to do so as long as the forty other counties are willing to submit to higher assessments and list more taxable property on which the excess taxes go toward paying the expenses of their delinquent neighbors. The editorial referred to also presents an epitome of taxation in the following sensible language:

"In considering any taxing system it is well to examine conditions in various sections of the State; ascertain the capacity of each county to pay as well as to receive benefits and then enact a law as would yield the required sum of money and levy its collection as equally as may be upon the people of the whole State."

And that is exactly what the laws proposed by the State Tax Commission are designed to accomplish. If newspaper editors generally would follow the Livingston Enterprise the State would soon be out of debt and in receipt of ample revenue to meet its growing demands.—Courier Journal.

TAXATION

Only To Be Considered.

The Governor called an extra session of the Legislature for February 14 to consider a new tax law. Some of the newspapers have found numerous objections to the laws proposed by the Tax Commission, and it is very probable that the laws, as proposed, are not perfect. If there are objectionable features, they will undoubtedly be pointed out to the members of the extra session, who will have ample time to give the various sections ample consideration and make such changes and corrections as may be desirable. With only one matter for consideration and with politics and log-rolling kept out, the extra session of the General Assembly ought to give the people a fair and equitable tax law that will meet with the approval of the vast majority of the people of the State. Here's hoping!—Cynthiana Log Cabin.

NO POLITICS

In New Tax Laws.

In so serious a matter as tax reform, Kentuckians, regardless of party affiliation, should support Gov. Stanley and the extra session, and all Democrats should stand together, regardless of antecedent differences of view or leaning.

Kentucky is backward because of the need of a better tax system. Put Kentucky up with the foremost in the march of progress. "Kentucky first" should be everybody's slogan.

Roads, now much discussed, can be better built when we have a better tax system. An influx of capital awaits a better tax system. That means better living, better schools, more values to tax, more employment, better wages.

There can be no legitimate excuse of any obstructionist tactics during the extra session. Anyone guilty of an effort to obstruct will prove himself a petty politician, and not a good citizen of Kentucky.—State Journal.

As a result of his kindness, which permitted a young man to lodge in the light plant over night Tuesday, Will Shanklin found himself minus \$15 yesterday morning. About \$3 was recovered from a barrel at the plant; the remainder, however, was not found. The boy said he dropped two \$5 bills out of the buggy on the street while coming to town with the officer. The young man was given his "walking papers."

COUNTY ATTORNEY RONEY ASKS FOR RE-ELECTION.

The Courier is authorized to announce County Attorney James W. Roney as a candidate for re-election to the office he now holds, and which he has so ably filled for the past two terms.

It is hardly necessary to recall the fact that Judge Roney is a Democrat and an able, fearless lawyer; has prosecuted fearlessly and without favor and given his office strict attention. His record, after having served the county for the past seven years, is doubtless his best recommendation, and should commend his candidacy to the consideration of Fulton county voters. Inasmuch as he is well and favorably known throughout the county, it is a waste of time to enter into a lengthy discussion of his qualifications, etc., and it is only necessary to say that he will appreciate your support at the polls on August 4th and will continue, if elected, to serve you to the very best of his ability—which is quite equal to every emergency that may arise in the discharge of the duties of the office of County Attorney.

In speaking of his candidacy Mr. Roney says:

"There are so many things of vital interests to the county that have been recently begun and are yet unfinished that it seems unwise to make a change at this time in the office of County Attorney. I am familiar with not only the financial affairs but the system for improvement of our roads, by county, state and federal aid. I am closely in touch with every interest of the county and have made it a close study because it has been my business to do so. I want to see Fulton county occupy a place at the head of the column for everything good, a place it deserves and which I believe it will occupy during the next four years. I want to be County Attorney when that happens and I know I can render considerable assistance in every department of the county's affairs while it is attaining that end."

"I am very grateful to my friends for their support in the past and feel deeply the aid and moral support they have given me which has made possible the success which has attended my efforts on many occasions."

TRY IT! SUBSTITUTE FOR NASTY CALOMEL.

Starts Your Liver Without Making You Sick And Can Not Salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant and tasty, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headaches, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. Advt.

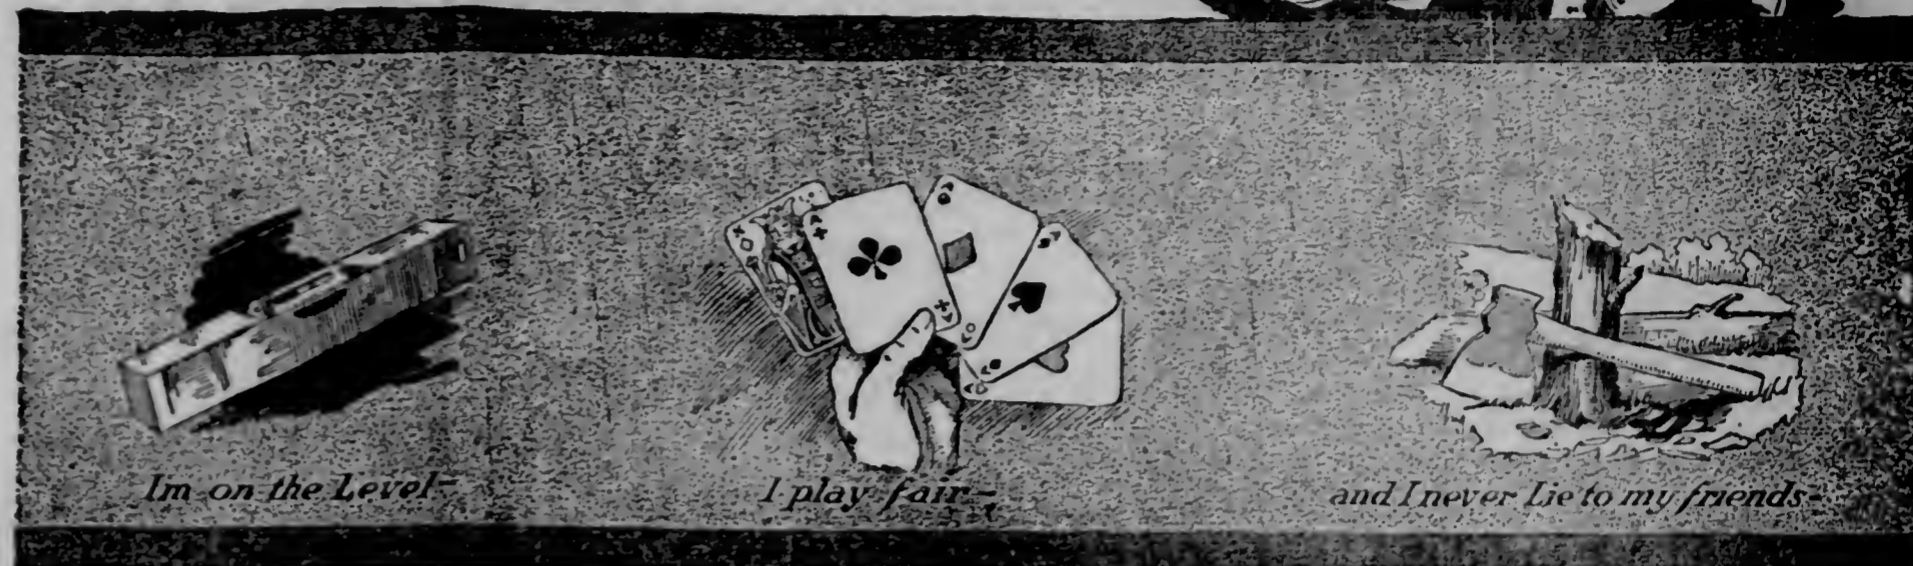

The people take LEMOLAC because LEMOLAC takes the place of Calomel.

A Southern Gentleman Is Popular Everywhere

Just think this over a minute.—How many friends have you? Not the fellows who borrow from you—I mean the chaps who will fight for you! Fellows who believe in you—who stick by you through thick and thin. You can count them on one hand, can't you? But listen to this.—I have several million down South here.

And why? Because I've been on the level.

I've played fair. I've never lied to my friends, nor cheated them, nor double-crossed them, nor held out on them.

They know me by my right name—SOVEREIGN. A true gentleman of the South, born and bred of the real Southern stock. I mingle the blood of Virginia and Carolina—the best in the world—the choicest, sweetest, ripest, smoothest tobacco you ever smoked.

You Folks of the South KNOW Good blood!

I have friends down South, and I keep them—because quality does tell. And it means a whole lot when I say:

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

Goodman, Jr., a young pharmacist, in which a mistake fatal to Mr. Flack was made on Jan. 22. The petition alleges that Goodman was "not a regular licensed pharmacist and was not skilled in compounding medicines or filling prescriptions" and that Mr. Cook placed him in charge of his drug business in his absence and that Goodman placed a deadly poison in a harmless prescription given for a trifling ailment and that Mr. Flack died a hour after taking a dose of the medicine, although every effort was made to counteract the effect.

Keeping Yourself Well

HOW YOU GET SICK

Sometimes you overload your stomach with rich foods. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much. You awake in the morning tired. Your body feels heavy; you know you are not up to the mark. Your digestion has not cared for the overload. Part of it remains. It generates gas that inflames the delicate lining. They fail to pour out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong. Your body gets weak, and soon opportunity is offered for some severe illness. Taken in time, the indigestion would not become serious. First remove the overload; then soothe the sore membrane; then build up the weakened body. It's simple to say, but not too easy to do. You need help. A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need. Peruna has an enviable record in this respect. It has aided many thousands in the last century to overcome just these conditions, and thereby prevent serious sickness. The tablet form is convenient for regular administration.

Manatta Tablets are the ideal laxative and liver tonic. They have no unpleasant effects and form no habits. 10c and 25c. The Peruna Co. Columbus, O.

TWELVE REASONS WHY I BUY AT HOME.

1. Because my interests are here.
2. Because if this part of the country is good enough for me to live in it is good enough for me to buy in.
3. Because I believe in transacting business with my friends and neighbors.
4. Because I want to get what I buy when I pay for it.
5. Because a part of every dollar I spend stays at home and helps work for the welfare of the section I live in.
6. Because the home man I buy from stands back of the goods he sells me. His whole existence depends on satisfying me. I am therefore always sure of value for my money.
7. Because the home man I buy from stands back of the goods he sells me. His whole existence depends on satisfying me. I am therefore always sure of value for my money.
8. Because the home man I

buy from pays his share of the local taxes.

9. Because the home man I buy from helps support the local institutions, lodges, and churches.

10. Because I sell what I produce to my home people and it is only right they should sell in the same way to me.

11. Because I do not believe in supporting the huge trusts such as are being formed by the mail-order houses in faraway cities.

12. Because I buy my envelopes at home and do not patronize the Ohio sweat-shop that puts out the government envelopes in order to save a few cents. I practice what I preach, and buy them at home; otherwise, I could not advocate "home trade," nor expect my home printer to boost my business while I did what I do not want my customers to do. It may cost a little more to buy a stamped envelope at home, but I can have printed on it anything I want—the way I want it. On the other hand, if you catch me using the envelope printed by the Ohio crowd, I have no kick coming if you trade away from home—you are merely trying to save a few cents—just as I am.

TOM PLUMMER CROSSES THE GREAT DIVIDE.

Thomas Plummer, age 63 years, and one of the best known men of this section, died at his home east of town, at 3 o'clock Sunday morning, after an illness of many months. He was stricken with paralysis more than a year ago and this trouble rendered it extremely difficult for him to swallow, at the same time incapacitating him physically. A short time ago he was taken with a cold which ran into pneumonia.

Mr. Plummer was born near Fulton on Nov. 15, 1854, and had resided in this immediate vicinity for the past 62 years. He will be remembered as having made the race for sheriff of Fulton county in the campaign of 1913, and has many friends throughout the county. During his active career Mr. Plummer followed the vocation of farming. He is survived by his wife and the following children—Sallie Mai, Irene Hunkizer, Annie Bell, Mary and Tom Plummer, Jr.

Funeral services were held at the family residence at 10:30 o'clock Monday morning, after which the body was laid to rest in the city cemetery.

In the death of Tom Plummer, Fulton county loses a splendid citizen; his family a good husband and father. He was one of the most generous kind hearted men of our acquaintance; honest and just in all of his dealings with his fellow man.

The bereaved ones have the sympathy of their many friends.

The Ladies Aid Society of the Methodist church was delightfully entertained by Mrs. Randle in celebration of its fortieth anniversary. A pleasing program was given, interspersed with music by Miss Fuqua. An interesting paper was read by the hostess, giving a brief history of the organization—a record to be proud of, and a revelation to many of its present members. This society was organized by Dr. Bolling in the spring of 1877, with sixteen members and has never suspended—with the exception of four months during the scourge of yellow fever. Only two of the charter members are now living, and they have always been uturing and faithful in their Master's service. Others have passed in to His presence and are resting from their labors, while others are living in other States—but their names are affectionately kept in our secretary's book. At the conclusion of the program delicious refreshments were served. It was the parting wish of each member that together with the hostess we would celebrate in as happy a manner our golden anniversary.

We just added the "Crusader" brand of canned goods to our line and ask the ladies of this section to give them a trial. Positively guaranteed by us. If not extra fine, send them back.—Bondurant Bros.

Too Sick To Work

Many Women in this Condition Re-
gain Health by Taking Lydia E.
Pinkham's Vegetable Compound.

Convincing Proof of This Fact

Ridgway, Penn. — "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." —Mrs. O. M. RHINES Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga.—"I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited." —Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

WEAK, AILING CHILD

Made Strong By Delicious Vinol
Lakeport, N. H.—“Our little girl 8 years of age was in a debilitated, run-down condition and had a stubborn cough so she was weak and ailing all the time. Nothing helped her until we tried Vinol. Then her appetite increased and she is strong and well, and I wish other parents of weak, delicate children would try Vinol.”—Geo. A. COLLINS.
This is because Vinol contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates which she needed.

HILLMAN ANNOUNCES.

We are authorized to announce W. L. Hillman, of Clinton, as a candidate for Representative of Fulton and Hickman counties, subject to the action of the Democratic primary, election August 4, 1917.

Mr. Hillman is well known to the citizens of Fulton and Hickman counties, having made the race for this office in the last Democratic primary, receiving a nice vote, but was defeated. However, he gave evidence of his ability as a runner and his friends claim that he will be heard from in a decisive manner in the present race. Mr. Hillman will make the race solely on his own merits. He has openly announced that he is in favor of the Amendment to the Constitution being left to the vote of the people for state-wide prohibition, which is a popular issue in the First District.

Mr. Hillman was reared in Cadiz, Ky., and is a self-made man. When a boy, while not in school he assisted his father at the carpenter trade to provide for the family of eight children. At sixteen years of age he enlisted in the Confederate army, Bedford Forrest Command, 8th Kentucky Regiment, Co. B. After the war he returned home and entered school at Tyler Institute. In 1870 he left for the west, locating in Kansas, where he worked in the carpenter trade. It was about this time he first entered politics and was successful in assisting to elect the first Democratic sheriff of Montgomery county, Kansas, while he, himself was elected township clerk over his Republican opponent by a handsome majority.

In 1876 Mr. Hillman returned to his native State, Kentucky, and has made Clinton his home since 1909. He has always been a loyal Democrat, working for the party's best interests. He now asks your support in his candidacy, assuring the voters that he will appreciate any favors shown him. During the campaign he will try to see each voter personally.

IS HICKMAN SATISFIED?

The Evidence Is Convincing. The Testimony Open To Investigation.

Before a statement can be accepted here, it must be supported by local testimony—by the evidence of someone residing in Hickman. Statements from unknown people in remote places may be true, but we cannot prove them. Here is a statement by a Hickman resident:

J. S. Belt, 607 Troy Ave., Hickman, says: “I was taken with a sharp pain across the small of my back, which bothered me a lot when I bent over. Through an acquaintance, I learned of Doan's Kidney Pills and bought a box at Helm & Ellison's Drug Store. I got the very best of relief from them and I don't mind saying a good word for a good medicine like Doan's Kidney Pills.”
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Belt recommends. Foster-Milburn Co., Prop., Buffalo, N. Y.

HERE'S THE PERFECT GIRL.

The following are the attributes of the perfect girl—falling a little short, however, of average Hickman young lady—as seen through Harvard eyes, some fifty bachelor graduates having recently, and after considerable discussion, agreed on them for the “girl that's worth while.”

She is attractive, graceful, and healthy, but not necessarily pretty.

She can dress tastefully and entertain anyone and make him feel at ease.

She can make bread as well as fudge, and cake as well as “rarebit.”

She is broad minded, sympathetic, tactful, unselfish, optimistic, thrifty, of good disposition and moderate in all things.

She can stand reverses without worry.

She is gentle to children and kind to older people, especially to her parents.

She has a broad education, but not necessarily a college one.

She is modest and true and home loving.

She has good social standing, is of a religious nature and is not “too proud to pray.”
